

Incoming student mobility**Name of UNIOS University Unit:****COURSES OFFERED IN FOREIGN LANGUAGE
FOR ERASMUS+ INDIVIDUAL INCOMING STUDENTS**

Department or Chair within the UNIOS Unit	
Study program	Study of Medicine
Study level	Integrated undergraduate and graduate university study of Medicine
Course title	PHYSIOLOGY
Course code (if any)	MED02-002
Language of instruction	Croatian, English
Brief course description	To enable the student to apply knowledge of the normal function of the organism by applying previously acquired knowledge from physics, chemistry, biology, biochemistry and normal morphology. Seminars and exercises prepare students for independent problem solving and integrative health thinking. In doing so, they try to explain individual functions to the changing conditions of the external environment. Teaching focuses on learning basic and applicable physiology, ie on the vertical upgrade of knowledge acquired in explaining basic physiological functions.
Form of teaching	Lectures; seminars; laboratory exercises
Form of assessment	Tests, Oral exam Attendance at all forms of classes is mandatory, and the student must access all knowledge tests. A student may justifiably miss 30% of each form of instruction. Absence from exercise must be colloquial.
Number of ECTS	19

ERASMUS+

EU programme for education, training, youth and sport
